## AIDRIGS INDUSTRIAL PARTS & MRO SOLUTIONS

AidRigs has delivered industrial, heavy equipment, and automotive and machinery spares and solutions to over fifty countries globally. What makes AidRigs different is our ability to be your go-to supplier for all the parts you need to maintain your machinery and improve your bottom line. We work hand-in-hand with local market representatives who ensure smooth customs and importation processes, take references and deliver personally, and are available on call when you need a trusted partner nearby. Our expertise is delivering where no one else can.

Beyond preventive maintenance spares kits we do much more, from supplying industrial filtration assemblies, machinery and component assemblies directly from over 30 manufacturers and we are also paving the way towards sustainability in supporting local businesses near your operations and protecting the environment. To save your operations money, AidRigs offers a double guarantee on non-OEM spares, where we pay you double parts back for any failure or replace it with the OEM original for free!

## SPARE PART SOLUTIONS

- Spares Kit Subscriptions (no lead time, spares in country when you need them)
- Double-Guarantee Alternative Parts
- Consigned Spares in Your Own Location
- Urgent Global Overnights for Broken Down Equipment
- Customized Made in USA Spares
- Service & Support Technicians Available Globally
- Local Small Business Billing and Payment Options

## SERVICES

- Customer Satisfaction Guaranteed
- TCO / MRO Calculations and Analysis
- Used and Remanufactured Reman Parts Comparisons Available
- Free Alternative Spares Samples
- Replacement Scheduling and Order Reminders
- Order Financing
- Electrification Transition Support and Infrastructure
- Easy WhatsApp Chat Interface

Take advantage of our presence and capabilities! Request a sample to understand what we sell. We work primarily with Made in USA and EU suppliers and manufacturers for engine parts, and have partners making copies in the USA of OEM engine components at half the cost of original OEM parts. And of course, we can offer the best prices on the OEM originals. We guarantee everything we sell.
